

Supporting Devon care & repair as a volunteer

You can help older and disabled people remain independent in their own home

If you are thinking about voluntary work which is worthwhile, rewarding and can make a huge difference to the lives of people in Devon, why not contact us?

You can help older and disabled people remain independent in their own homes.

You can help in a variety of ways in our friendly offices or help with our promotional and publicity work.

We will:

- welcome you for however many hours you can give
- provide support and training
- reimburse genuine out-of-pocket expenses.

You would be a valued member of a not-for-profit, charitable agency team. Whether you have existing skills you wish to put to good use (we are particularly keen to hear from people with financial, information technology, marketing or social welfare experience), or whether you want to gain experience in an office environment, we would like to hear from you.

Please note that all volunteers coming into contact with clients will need to be police checked.

For volunteering opportunities in Devon, please contact [Cheryl van der Salm](#) on 01392 822650.
