

## St Austell Urban Village scheme features in Inside Housing supplement

Described as an ambitious low carbon scheme which was nearly a TV star

Our St Austell scheme features in the September/October 2008 edition of Footprint - the focus on Sustainability.

The article, published here courtesy of [Inside Housing](#), is part of a preview of the best sustainable builds.

Author, Philippa Ward describes this as an ambitious low carbon scheme which was nearly a TV star. Read the full article below to find out why.....
